

Adding DOIs for Books on the WAC Clearinghouse Tools Site

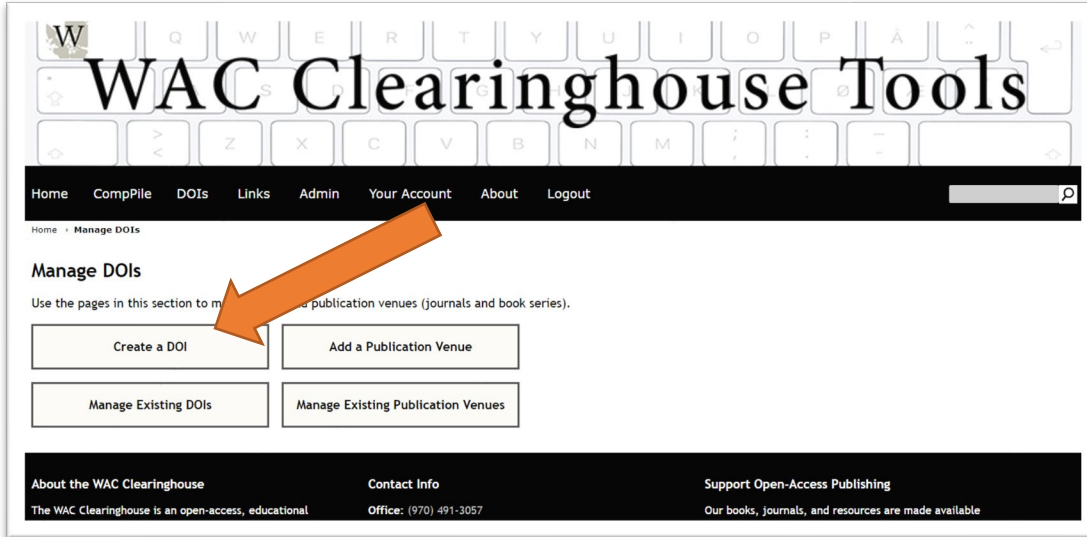

1. Visit <https://wactools.colostate.edu> and click “Log In” on the menu.

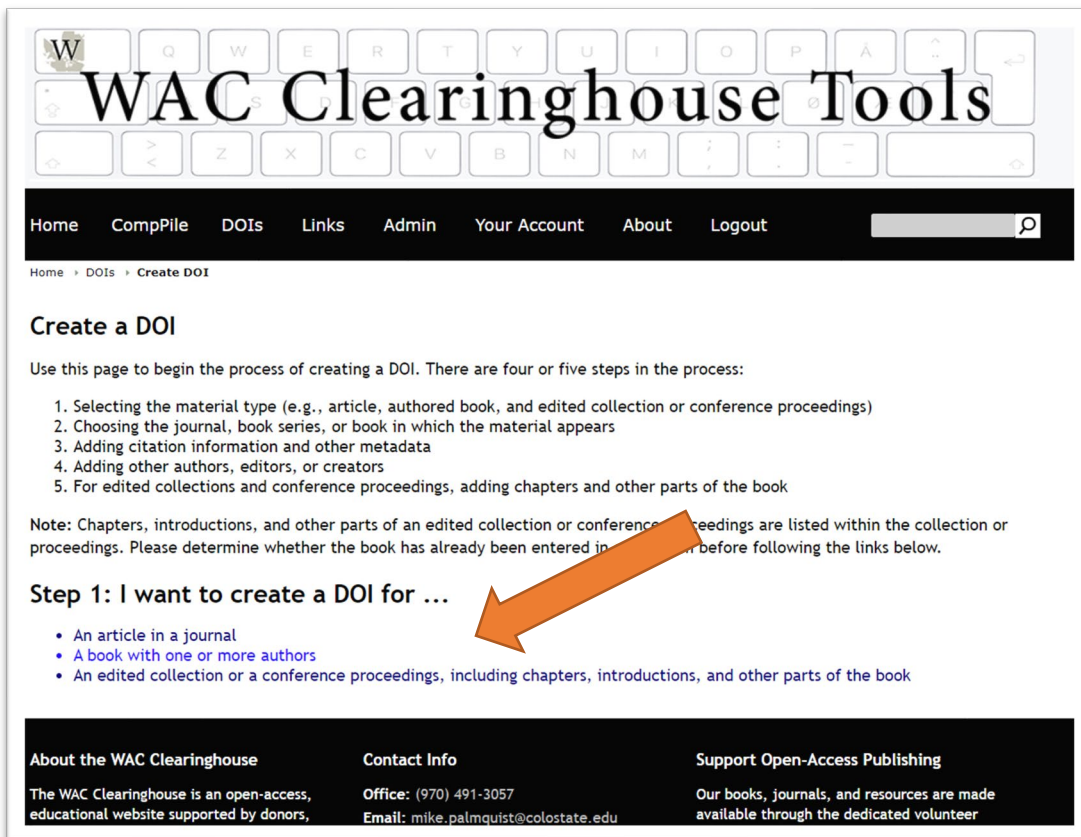

2. Once you’ve logged in, click on the DOI link on the menu or on the “Manage DOIs” button in the main body of the page.

3. Click on the “Create a DOI” box in the main body of the page.

4. Complete Step 1 by choosing an authored book or an edited collection. Please note that an edited collection will also involve adding chapters and other book parts (such as a foreword or introduction), while an authored book will not. In both cases, the book will have its own DOI. For edited collections, each chapter or book part will have its own DOI as well.

5. Choose a book series.

6. Complete the form, paying attention to the points made in the Step 7, below. Please note that you can open a second window and display it alongside the DOI form, as follows. Please note as well that you can select text from the book page and drag it into the form fields.

The screenshot displays the WAC Clearinghouse Tools interface. On the left, the 'Create a DOI' form is shown, with an orange arrow pointing to the 'Title' field. The form includes sections for 'Step 3: Add Publication Information', 'Title', 'First Author/Editor/Contributor', 'Role', and 'Publication Date'. The 'Title' field contains the text 'Research on Writing: Multiple Perspectives'. The 'First Author/Editor/Contributor' section has fields for 'First Name', 'Initial', and 'Last Name'. The 'Role' section has radio buttons for 'Author' (selected) and 'Editor'. The 'Publication Date' section has fields for 'YYYY - Required', 'MM - Add the Month as a Two I', and 'DD - Add the Date as a Two Di'. On the right, the book page for 'Research on Writing: Multiple Perspectives' is displayed, showing the title, editors (Sylvie Plane, Charles Bazerman, Fabienne Rondelli, Christiane Donahue, Arthur N. Applebee, Catherine Boré, Paula Carlini, Martine Marquillo Larrau, Paul Rogers, and David Russell), and a 'Table of Contents' section. The 'Table of Contents' includes 'Front Matter', 'Acknowledgments', and 'Part 1. Writing by Primary and Secondary Students' with two entries: '1. What Shapes School Writing? Examining Influences on School Writing Tasks Over Time in U.S. Secondary Schools, Arthur N. Applebee' and '2. Mapping Coherence and Cohesion Skills in Written Texts Produced by 9- to 12-Year-Old French-Speaking Learners: Indicators of Proficiency and Progress, Claudine Garcia-Debanc and Myriam Bras'.

7. Complete the form as follows:
- Add the title
 - Add the author(s) or editor(s), noting their institutional affiliations and their role (author or editor). If the institutional affiliation is not clear, look for the information in the About the Authors or About the Editors section, below the table of contents. If that does not provide the information, open the “contributors” section or look for that information in the front matter of the book. A contributors section is typically provided in edited collections; it can be found as the last entry in the table of contents on the book page.

- If there is more than one author or editor, click on the “Show Additional Contributors Fields” link. This will open a section where you can add four more authors or editors. In the case of books with more than five authors or editors, you can add the rest of the authors or editors on a subsequent page.

- Enter the publication date, following the directions: four digits for the year, two digits with a leading zero for the month and date. You can locate the year, month, and day information below the table of contents. *If there is both a Digital Publication Date and a Print Publication Date, provide the Digital Publication Date.*

- Enter the URL for the book page. Do not use the URL for the PDF or for the ePub or for individual chapters. You can locate this in the browser or, typically, in the publication Information section (see above).
- Enter the publisher. This will be provided in the Publication Information section. Separate multiple publishers (e.g., The WAC Clearinghouse; University Press of Colorado) with a semicolon. Be sure to enter “The WAC Clearinghouse” rather than “WAC Clearinghouse.”

- Provide the ISBN. This will require you to open the front matter for the book (or the full book). Look for the page that provides the Library of Congress publication information (typically the sixth page of the book). Locate the ISBN for the PDF edition of the book (do not use the print or ePub ISBNs). Copy it and enter it into the ISBN field. If the ISBN includes dashes, remove them.

8. Save your work by clicking on the Continue button at the bottom of the page. The website will save the information you have provided (the metadata) and generate a unique DOI for the book. You will be taken to the DOI Details page. Use the options on this page to update the book information, to add or update authors or editors, and to add (in cases of edited collections) chapters or other book parts.

DOI Details

Use this page to review basic publication information for this book. You can update the publication, delete it, or (except for monographs) add authors, editors, or other creators to it.

A Note About Collections: If you update the metadata for a collection, the chapters and other book parts in the collection will be updated as well. Changes in the publication year or the ISBN will result in the creation of new DOIs for those parts of the book.
